Remarks

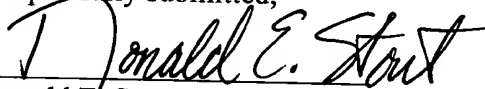

The amendment to the specification identifies the ATCC accession number accorded to the biological deposit that was deposited on the filing date of the instant application (i.e., July 3, 2001). No new matter has been added.

If a telephone interview would be of assistance in advancing prosecution of the subject application, Applicant's undersigned representative invites the Examiner to telephone either Greg S. Hollrigel, Ph.D. or Quan Nguyen, at the number provided below.

VERSION WITH MARKINGS TO SHOW CHANGES MADE

In the Specification:

The paragraph beginning at page 15, line 25 has been amended as follows:

--The antibodies of the invention have been deposited with the American Type Culture Collection (10801 University Blvd., Manassas, VA 20110-2209, USA) on July 3, 2001, and have been designated Accession No. PTA-3496. The deposit was viable at the time of deposit and will be replaced by Applicants should they become non-viable.--
